ESH ADDED VALUE

We like to view our corporate responsibility activities as the 'added value' which Esh Group brings to a job, in addition to the standard requirements. Esh Added Value is our approach to managing our economic, environmental and social impacts.

Esh Group has been members of Business in the Community (BITC) since 2004. We first entered the BITC Big Tick Awards in 2005 with our Fit for Employment scheme, and we were delighted to be awarded the national 'Example of Excellence' for the Merrill Lynch 'Investing in Young People Award'. In 2010 our 'Grow with Esh' scheme received a Big Tick Award as well as being shortlisted for the National Example of Excellence within the Education category.

We are proud of all the projects that we undertake, here are just a few...
