

SLAVERY AND HUMAN TRAFFICKING

GENERAL STATEMENT OF INTENT

Modern Slavery Statement for financial year ending 31st December 2016

This statement is made pursuant to section 54(1) The Modern Slavery Act 2015 and sets out the steps that Esh Group has taken and is continuing to take to ensure that modern slavery or human trafficking is not taking place within our business or supply chain.

Our Business

Esh Group is a leading construction company operating across the North East, Cumbria, Yorkshire, Central and Southern Scotland. The key areas of our operation that could be affected by slavery and human trafficking are our directly hired employees, agency workers working on our behalf, subcontractor operatives working on our sites, and the workforce of our supply chain who supply materials to our business. The steps that we take to mitigate risks in relation to each of these areas are as follows:

Our Policies

We operate a number of internal policies to ensure that we are conducting business in an ethical and transparent manner. These include:

1. Ethical Governance Policy, the highest standards of integrity and accountability are expected to be adhered to by all company directors, employees, third parties, including subcontractors and their employees.
2. Recruitment policy. We verify that all employees have the right to work in the UK upon commencement their employment. All employees are aware of their working hours, leave and absence entitlements and other benefits via employee handbook and contracts of employment.
3. Whistleblowing policy. We operate a whistleblowing policy applicable to all workers and stakeholders [internal and external] that actively encourage the reporting of unethical behaviour or practices within our business or supply chain without fear of reprisals.

Our Supply Chain

Esh operates a supplier policy and maintains a preferred supplier list. We conduct due diligence on all suppliers before allowing them to become a preferred supplier. As part of contract due diligence, suppliers are required to confirm that their business operations comply with the Modern Slavery Act. We may terminate the contract at any time should any instances of modern slavery come to light.

Company Adherence

During 2016, Esh Group increased awareness of slavery and human trafficking across our business through:

- Management meetings
- Site based "Toolbox Talks"
- Supplier meetings
- Amendment of Standard Terms and Conditions of Purchase
- Amendment of Supplier Questionnaire
